Relationship, Sex and Health Education Policy (RSHE)

Chair of Governors	Judith Hunt
Headteacher	Damian Wilson
Date ratified: September 2025 (small changes made)	Review Date: Spring 2026

Autumn 2025 - Following guidance from Liverpool Archdiocese this policy still links to Come and See for the whole school. It will be updated with 'To Know You More Clearly' when we receive further information and guidance.

"Together, we learn, love and grow with Jesus"

At St. Jude's we use the Archdiocesan recommended resource 'A Journey In Love' 2020 to teach Relationships and Sex Education. This programme is authentic to the Catholic faith and supports the teaching and learning of our pupils from Pre-school to Year 6. Our belief in the unique dignity of the human person as made in the image and likeness of God underpins our approach to education in our school. Our approach to RSHE seeks to educate the whole child spiritually, intellectually, morally, emotionally, psychologically and physically towards our understanding of Christian maturity.

We use the PSHE Association to structure our PSHE lessons and this is further enhanced by the use of books to teach the appropriate protected characteristics, based on books from 'No Outsiders' which we refer to 'All are Welcome', as well as focused theme days throughout the school year. We believe this creates a unique and well-planned curriculum supporting every child at St. Jude's to grow in the image and likeness of God.

Rationale

'I HAVE COME THAT YOU MIGHT HAVE LIFE AND HAVE IT TO THE FULL'

(Jn.10.10)

We are involved in Relationship, Sex and Health Education (RSHE) precisely because of our Christian beliefs about God and about the human person. The belief in the unique dignity of the human person made in the image and likeness of God underpins the approach to all education in a Catholic school. Our approach to RSHE therefore is rooted in the Catholic Church's teaching of the human person and presented in a positive framework of Christian ideals.

At the heart of the Christian life is the Trinity; Father, Son and Spirit in communion, united in loving relationship and embracing all people and all creation. As a consequence of the Christian belief that we are made in the image and likeness of God, gender and sexuality are seen as God's gift, reflect God's beauty, and share in the divine creativity. RSHE, therefore, will be placed firmly within the context of relationship as it is there that sexuality grows and develops.

Following the guidance of the Bishops of England and Wales and as advocated by the DFE (and the Welsh Assembly Government), RSHE will be firmly embedded in the PSHE/RSHE framework as it is concerned with nurturing human wholeness and integral to the physical, spiritual, emotional, moral, social and intellectual development of pupils. It is centred on Christ's vision of being human as good news and will be positive and prudent, showing the potential for development, while enabling the dangers and risks involved to be understood and appreciated.

All Relationship, Sex and Health Education (RSHE) will be in accordance with the Church's moral teaching. It will emphasise the central importance of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household they come from. It will also prepare pupils for life in modern Britain.

Aim

St Jude's Catholic Primary School aims to provide a suitable programme that follows the statutory need to include RSHE into their curriculum from September 2020 which meets the ethos of its Catholic identity and mission.

The purpose of this Relationship, Sex and Health Education (RSHE) policy is to set out the ways in which the school's provision supports pupils through their spiritual, moral, social, emotional and physical development, and prepares them for the opportunities, responsibilities and experiences of life growing up in today's world.

Our School's mission embraces the spiritual, physical, intellectual, emotional, moral and social development of children and young people, and through an agreed approach to Relationship and Sex and Health Education (RSHE) using the Archdiocesan recommended resource 'A Journey In Love' 2020, we believe that we can promote the development of the whole child, so that children can grow in *virtue, wisdom and stature*, understanding both the emotional, social and physical aspects of growing spiritually, as well as moral aspects of relationships within a context of a Christian vision for the purpose of life.

At St Jude's Catholic Primary School, we have opted to use 'A Journey In Love' RSHE programme, recommended by Liverpool Archdiocese and the Catholic Bishops of England and Wales. This programme is authentic to the Catholic faith and supports the teaching and learning of our pupils from Pre-school to Year 6. Our belief in the unique dignity of the human person as made in the image and likeness of God underpins our approach to education in our school. Our approach to RSHE seeks to educate the whole child spiritually, intellectually, morally, emotionally, psychologically and physically towards our understanding of Christian maturity.

The statutory curriculum intent will be met by following our PSHE programme (see appendix)

The Purpose

The aims of Relationship, Sex and Health Education (RSHE) at St Jude's Catholic Primary School are to:

- Provide a framework in which sensitive discussions can take place.
- Help pupils develop feelings of dignity, self-worth, self-respect, confidence and empathy.
- Prepare pupils for puberty and give them an understanding of sexual development and the importance of health and hygiene.
- Create a positive culture around issues of sexuality and relationships.
- Teach pupils the correct vocabulary to describe themselves and their bodies.

Statutory Requirements

At St Jude's Catholic Primary School, we must provide Relationships Education to all pupils as per section 34 of the Children and Social work act 2017.

In teaching Relationship and Sex Education, we must have regard to Catholic Education Service guidance issued by the Bishops Conference of England and Wales 2017.

The statutory guidance from the Department for Education issued under Section 80A of the Education Act 2002 and section 403 of the Education Act 1996
Appendix A

The statutory guidance from the Department for Education Equality Act 2010.

Policy Development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – Roisin Jackson – RE/RSHE lead/DHT, Kirsty Hulme – PSHE/Science lead, Melanie Ashurst – Pastoral lead.
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations.
3. Parent/stakeholder consultation – parents have been given the opportunity to look at the RSHE policy and voice their opinions (Summer term 2025)
4. Pupil consultation – we investigated what exactly pupils want from their Relationship Sex and Health Education through pupil voice (Summer term 2025)
5. Ratification – once amendments were made, the policy was shared with governors and ratified on 29th September 2025.

Definition

Relationship, Sex and Health Education involves a combination of sharing information, and exploring issues underpinned by our Catholic values.

Relationship Sex and Health Education is about the emotional, social and cultural development of pupils, and involves learning about personal relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

Curriculum

We have developed our curriculum with recommendations from the Archdiocesan Education Department to ensure that they meet with Catholic Church teaching.

After consultation with parents, Relationship Sex and Health Education will be covered using the Archdiocesan recommended resource 'Journey In Love' 2020. This includes *sexual intercourse at Year 6. (See right of withdrawal)

We have considered the age, stage and feelings of pupils and have consulted with parents and staff to ensure we are offering a quality curriculum which is adequately catered to meet their needs.

We have adapted the PSHE Association Primary Scheme of Work and Primary toolkit based on findings using statistics from PHIT for Purpose.

If pupils ask questions outside the scope of our curriculum, teachers will respond in an appropriate manner so they are fully informed and do not seek answers online.

Delivery of Relationship, Sex and Health Education (RSHE)

Relationship and Sex Education (RSE) is taught both discretely and within the Personal, Social and Health Education (PSHE) curriculum lessons. Some aspects of the RSHE curriculum may be touched upon in other lessons as it shares links with Religious Education, Science and Physical Education.

Our RSHE will ensure that content is relevant to the age, experience and maturity of pupils.

The new statutory guidance for Relationships Education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me.
- Caring friendships.
- Respectful relationships.
- Online relationships.
- Being safe.

These areas of learning are taught within the context of 'family life' and could include married or single parent families, same sex parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures, along with reflecting sensitively that some children may have a support structure around them (for example: looked after children or young carers).

As a school, we promote equality of opportunity and foster good relations. Our school environment uniformly applies values of inclusion and respect to all pupils and their families. All staff are proactive in promoting positive relationships and receive regular training.

Equal Opportunities

All pupils have access to the RSHE curriculum. Where pupils have specific educational needs, arrangements for support from outside agencies and support staff are made to ensure these pupils have an appropriate, differentiated curriculum.

Roles and Responsibility

The Governing Body

The governing body will approve the RSHE policy and hold the headteacher to account for its implementation.

The Headteacher

The headteacher is responsible for ensuring that RSHE is taught consistently across the school and for managing requests to withdraw pupils from the non-statutory element of Relationship and Sex Education in Year 6* (see right of withdrawal).

Staff

Staff do not have the right to opt out of teaching RSHE as this forms part of the Teaching Standards. Any staff who have concerns about teaching RSHE are encouraged to discuss this with the headteacher.

Staff are responsible for:

- Delivering RSHE in a sensitive way which complies with Church teaching.
- Modelling positive attitudes to RSHE.
- Monitoring progress.
- Responding to the needs of individual pupils.
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSHE.

Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with dignity, respect and sensitivity.

Parents' right to withdraw

Parents have the right to withdraw their children from the non-statutory component of sex education in Year 6. This is where sexual intercourse is taught discretely as part of the 'Physical' aspect within Journey In Love - the Archdiocesan recommended resource.

Requests for withdrawal should be made in writing and addressed to the headteacher. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from RSHE.

Parents do not have the right to withdraw their children from Statutory Relationships Education as set out in the DFE guidance 2020.

Monitoring arrangements

The delivery of RSHE is monitored by Roisin Jackson (RSHE lead) and Kirsty by undertaking learning walks, staff and pupil consultations, planning and work scrutinies and questionnaires.

Pupils' development in RSHE is monitored by class teachers as part of our internal informal assessment systems.

This policy will be agreed annually by the governors and reviewed every three years.

Appendix 1.2

Come and See and Relationship Sex and Health Education

Introduction

The following is a model on how we link Relationship Health and Sex Education with Come and See. Some of these aspects might be covered in the EXPLORE section where the topic is being introduced, starting with the pupil's own experience, and extending into the REVEAL and RESPOND sections. Some ideas may be used in the REVEAL process where the teaching is explicitly concerned with Scripture and the teaching of the Church. Some topics offer more explicit teaching to develop ideas about Relationship and Sex Education, some less so.

We also link RSHE with other aspects of the curriculum e.g. Science, P.E, PSHE etc. Please see appendix 1.1
